African and Asian Thematic Platforms, CGIAR Research Program on Agriculture for Nutrition and Health (A4NH). The theme for the African GCRI meeting is 'Sustainable agriculture and food security in a changing climate'. The theme for the Asian meeting is 'sustainable food systems and the future of Asia'. Working languages are English, French, Spanish, Portuguese and Arabic. Some papers will be presented in Chinese, Italian, Japanese and Russian. The Thematic Working Groups focus on four major pillars: agricultural innovation, climate change, nutrition and technology and food systems and the role of RRI in these domains. Workshops, tours and panel sessions are organized around the 4 pillars and delegates are invited to join one of the sessions to discuss and exchange ideas with peers. Poster session - Highlights of current research and projects. Keynotes - prominent experts. High-level discussions - Find opportunities to address key issues and discuss. Free Download About FAO
